A Guide to the Joys and Excitements of the Outdoors

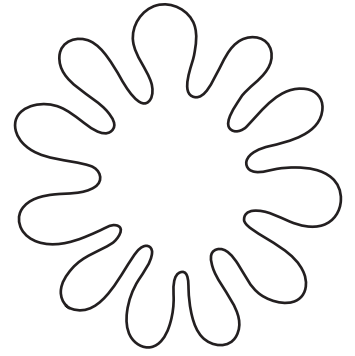

- i. You might think a clump of grass sounds boring, but if you look closely there are a lot of things going on. Draw and colour in what you see.

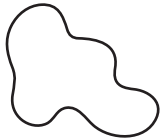

You might be lucky and spot a spiky little creature: the hedgehog.

ii. Imagine you are a hedgehog. What might you do in a day? Write a story about your day on a separate piece of paper making sure to answer these questions...

What can you see?

.....

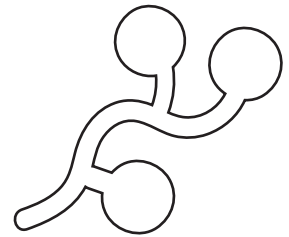

What can you hear?

.....

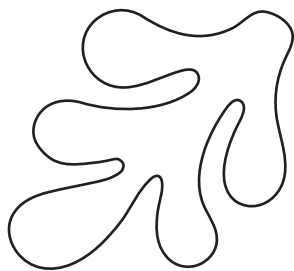

What can you smell?

.....

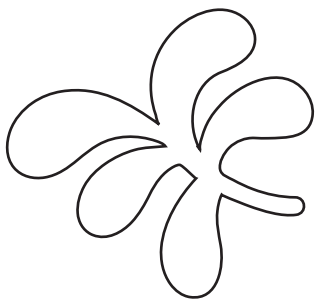

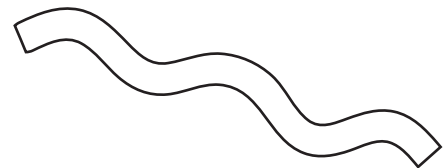

What do you like to do?

.....

What makes you excited?

.....

What makes you frightened?

.....

iii. Draw a scene from your story.
